

# Zeagle Product Specifications

## Buoyancy Compensators:

LaZer BC:  
7405RK

## LaZer BC: Standard Features

The LaZer is ideal for the female diver who wants a system for both travel and local diving. It is designed to properly fit a short torso and wider hips. It packs easily into a lightweight travel system, yet has plenty of capacity for cold water or drysuit use.

- Zeagle's most rugged Women's BC
- 35-lb lift capacity heavy duty low profile retracting bladder
- Personal Fit System (PFS) Sizing
- Reinforced 1000 denier nylon construction
- Two zippered utility pockets
- Adjustable elastic waist panels
- Lumbar Pad
- 5 Stainless Steel D-rings
- Adjustable Sternum Strap
- 30-lb capacity Ripcord weight system
- 20-lb Capacity rear mount weight system
