

### **Children's Wetsuit Size Chart**

Please use the following size chart to estimate your approximate suit sizes. Remember that a snug proper fit is critical to suit performance, and that this is no substitute for actually trying a suit on to determine fit and comfort.

	Height	Weight	Chest
	feet	pounds	inches
Small	3'6"-4'	45-60	25-29
Medium	3'9"-4'3"	50-65	26-30
Large	4'2"-4'8"	55-75	28-32
XL	4'7"-5'1"	65-90	29-33

Children's sizes only available in the Spirit, Venture, Elastiprene 5 and Elastiprene 7 suits. See product pages for details.
