

Zeagle Product Specifications

Bouyancy Compensators:

Scout BC

Scout BC:
7108VK

The Scout represents an exceptional value in a light-weight system. It has a low profile single bladder with an elastic retractor, and a elastic waist closure.

The weight system consists of two rear mounted pockets with a touch fastener release and a 20-LB maximum total weight capacity.

The Scout is Zeagle's lightest and most compact BC, and is ideal or a basic travel system with minimum weight and bulk

Scout Standard Features ^{*}
